

The Johnny Theme

G **C**
Bring your fiddle and the mandolin, and shove the big fat double bass in

G **D**
Don't mind the doors it'll be alright.

G **C**
When you feel this country swing and when you hear this fat man sing

G **D** **D7** **G**
You know you're going to have a good old time tonight.

Chorus

C
Hey now what do you see?

G
We're dirty old men and we're not pretty

C **D**
But open up your ears and listen to the noise.

G **C**
C'mon girls get on your feet, who's that coming down your street

G **D** **D7** **G**
It's Johnny, Johnny and the prison didn't help Boys!

2)

Well I've never liked Phil Collins, I don't know why he has to sing
Cos that man never had nothing good to say.
And when I see those line dancers, those rhinestone suited keep fitters
Well then I know there's a hell on earth.

Chorus

3)

Dave Chang in Chinese (and we still don't know what he is singing about).

Chorus

4)

Well I want to touch the devil's right hand
I want to walk with Johnny Cash down the line
And I want to drink the whiskey that's burning down Copperhead Road.
Sold my soul to the guitar town. I bought into that high lonesome sound
And when the freight train whistles, well we won't be around.
