

## Everybody Dancing

1)

**D** **A**  
Brought up in the North-East, I rode the banks of the coaly Tyne  
**Bm** **G**  
Underneath the Scotswood Bridge where once the salmon swam.

**D** **A**  
And when we turned sixteen, then we started drinking  
**Bm** **G**  
Seeking out the places where the people still sang

**D** **A** **D**  
Everybody dancing all over this world

Chorus

**Tacet** **Bm** **G**  
But take another long look. Take a look around you

**D** **A**  
You boys and girls, oh you pretty girls.

**Bm** **G**  
Tell me what do you see, are you going to change it?

**D** **A** **Bm**  
Is everybody dancing all over this world ?

2)

We were on the Metro, riding down to the River  
Sat next to a teenage mum with two kids on welfare.  
Well she could be my sister, and I could be her brother  
They lost their daddy to alcohol  
Everybody dancing all over this world

Chorus

3)

There's a man upon the TV says the Quayside is the place to be  
Now it's clean, it's 'cool' it's just so trendy.  
Well I wish he would open up his eyes, see the pain beneath the lies  
Take a walk with me under these Angel winged skies  
Everybody dancing all over this world
