

Dead Men's Chords

D **D7** **G**
Well I'm not known for much 'cept my drinking
D **Bm** **A7**
And I'm not the sort of a man you find in a church
D **D7** **G**
And I probably spend too much time just thinking
D **A7** **D**
Still playing these dead men's chords

Chorus;

D7 **G** **D**
I've got a young Hank Williams at my shoulder
E **A7**
I got Johnny Cash to help me with the words
D **D7** **G**
And Mississippi John Hurts' in my fingers
D **A7** **D**
Still playing these dead men's chords.

2

And if you knew some of the girls I've been loving
Man you wouldn't be walking for a week
But I'm looking from the wrong side of 47
Still chasing that song to make you weep

Chorus

3

So if it seems your life's just passing
And you can smell the flowers on your grave
Just sing these songs, hey fill these glasses
And we can watch the night fall into day.
